Coastal Waters Commission Meeting was called to order at 6:00pm on December 11, 2019

| | | |
|--------------|---|---------------|
| Participants | Mark Morrissy | Chair |
| | Laurie Orlando | |
| | Joe Frazer | |
| | Peter Polovchik | |
| | Charlie Tetreau | Harbor Master |
| Guest | Peter Spencer / Waterman Marine | |
| | Carter Beck/Falls Point Marine | |
| | Katrina Van Dusen/Freeport Conservation Trust Executive | |
| | Director | |
| | John Coffin | |

Harbormaster Report

Mooring renewal notification going out at the end of December

Aquaculture permits fee. Discussion of charging a small \$50 or less fee due to the number of applications and time the harbormaster spends processing. Nothing was decided and Mr. Tetreau will keep the commission informed as to what other neighboring communities are doing.

New Wharfing Out Permits

Harry Keates & Robin Silverman 64 Lupine Lane. Presented by Peter Spencer Waterman Marine

This application was reviewed in the December meeting. Several neighbors and abutters were present tonight to voice concern and ask questions.

Katrina Van Dusen from the Freeport Conservation Trust brought up concerns for how this project might have an impact on wildlife and the character in which this land is used. She and other neighbors brought up the concern of the float blocking the channel and restricting access. John Coffin a neighbor directly across from this project raised questions of the location of property lines for abutters that shared waterfront access to the brook in this area and the overlap of the float past the center of the brook restricting access. Peter Spencer agent for the property owner will have to insure this isn't the case. A motion was made to table any decision on approving this project was made by Laurie Orlando and second by Joe Frazer.

Valerie and David Stone 14 Stanley Lane. Presented by Carter Beck/ Falls Point Marine.

Permit was presented and reviewed in December meeting. No questions or concerns from the public or commission. Motion to approve Joe Frazer Second Laurie Orlando

Susanna and Triplett Kisa 16 Edgewater Trail .

Wharfing out permit application was reviewed in December meeting. No questions or concerns from the public or commission. Motion to approve Laurie Orlando Second Peter Polovchik.

Meeting was adjourned 6:43pm
