

Maine Economic Recovery Grant Program

What is the Economic Recovery Grant Program?

The State of Maine plans to use CARES Act relief funding to help our economy recover from the impacts of the global pandemic by supporting Maine-based businesses and non-profit organizations through an **Economic Recovery Grant Program**. The funding originates from the federal Coronavirus Relief Fund and will be awarded in the form of grants to directly alleviate the disruption of operations suffered by Maine's small businesses and non-profits as a result of the COVID-19 pandemic. The Maine Department of Economic & Community Development has been working closely with affected Maine organizations since the beginning of this crisis and has gathered feedback from all sectors on the current challenges. The maximum grant amount is \$100,000.
