Annual Report Design: Bourdon & Company, LLC www.bourdonandco.com

This year's Annual Report is in memory of the beloved SALLY RAND for her lifelong work in volunteer and community service in historic preservation.

In 1955, after graduating from Smith College and starting her career with the Fogg Art Museum at Harvard

University and then a publishing company, Sally and her family moved to Maine. She located to Freeport in 1963 and along with innumerable other civic organizations, she spent time serving on the Freeport Local Town Government Study Committee; the Freeport Charter Commission and the Freeport Conservation Commission. She was also an architectural historian for the Freeport Historic Survey and an historian for the Freeport Historical Society. Sally coordinated several Maine Preservation statewide conferences and received numerous awards for her tireless and generous work in historic preservation. Her extensive service to her community demonstrated her genuine passion for protecting and promoting our cultural arts and history for future generations.

Citizens of the Year

The Freeport Citizen of the Year award is bestowed annually by the Special Projects Committee of the Freeport Town Council upon an individual or group of individuals that have substantively contributed to the quality of the Town, the wellbeing of the citizens, and the reputation of the Town, in

a manner that has caused a measurable improvement in the circumstances of a significant number of townspeople. FRED PALMER and JOHN PATERSON, both of Freeport, were named the 2017 Citizens of the Year. They were recognized at a special ceremony preceding the February 6, 2018 Town Council meeting in the Town Council Chambers at Freeport Town Hall.

Mr. Palmer has been a resident of Freeport since the early 1970's. He enjoyed a successful career as a certified public accountant and was the owner of Downeast Concepts, Inc. and Cape Shore, a business based in

Yarmouth. Fred was a former member and chair of the Free-port School Committee, and served on the Town Council from 1983-1986, where he also was Chair. Fred has volunteered his time in support of several community organizations over the years, notably as a strong advocate during the creation of the Casco Bay YMCA in Freeport and as a Board Member and volunteer with Seeds of Independence, a local nonprofit that mentors and supports adolescents. Fred has quietly and consistently supported athletics in Freeport; he helped to start the Freeport High School girls lacrosse program, assisted in the effort to add tennis courts to the High School campus, and was integral to the creation of the additional field behind the tennis courts, even rolling out the sod himself.

Mr. Paterson has been a resident of Freeport since the early 1980's. Prior to moving to Freeport, John was Deputy Attorney General serving in the Environmental Division of the Maine Attorney General's Office. John was a shareholder at the law firm of Bernstein Shur for many years and served as Chair of the Litigation Department until his retirement. Over the years, John served on the Freeport School Committee, as well as on the Town Council from 1987-1990. He is a past President of the Maine Chapter of the ACLU, and has spent countless hours volunteering as a mentor for middle and high school kids in Freeport and Topsham through Seeds of Independence. John also serves as the Chairperson of the Development Committee for Safe Passage, a non-profit that provides education, support and hope for at-risk children in Guatemala. John has also been involved with the Freeport Players, the Greater Freeport Community Chorus and other arts organizations throughout the years.

(L-R) Fred Palmer and John Patterson

Most recently, Fred and John served as Chair and Vice-Chair, respectively, of the Tri-Town Track and Field Committee, a local non-profit that was instrumental in advocating for the creation of, and raising funds for, the recently completed track and field project adjacent to Freeport High School. Other volunteers on

this project have credited both Fred and John's leadership, as well as the hundreds of hours of hard work they volunteered, as a critical factor in the ultimate success of the project.

"The track and field project is a tangible reflection of the decades of dedication and service that Fred and John have given to this community, particularly to the development and support of Freeport's next generation," Town Council Chair Sarah Tracy said. "Although it truly took a village to make the Track and Field Project a reality, it also required people who were

willing to step forward, put that project on their backs and carry it from the start to the finish line. Fred and John were those people and their efforts are truly appreciated."

Special Projects Committee Chair Melanie Sachs added: "The Special Projects Committee was unanimous in its selection of Fred and John as this year's honorees. The depth and breadth of their service to the Town of Freeport in so many different areas is truly impressive. We are delighted to recognize their contributions, and are grateful for their many years of dedication to the community"

The Freeport Town Council adopted six goals at the beginning of the year to guide their work together. I am pleased to offer this summary of progress on these goals. This progress is indicative of the collaborative working relationship between the Town staff, Freeport residents, and the Council.

The Council has worked hard to align its work with the primary goals of solid fiscal management; transparency in operations and government activities; the engagement of residents and community partners in the governance, operation and activities of the Town; maintaining a strong relationship with RSU5 and the neighboring municipalities; the exploration of ways to reduce Freeport's energy costs and examination of infrastructure opportunities to promote active lifestyles.

The Council worked diligently to maintain a stable tax rate this past year. This required the Councilors to go through the capital and operating budgets line by line in public forums. Workshop sessions were held with boards and committees, department heads and community groups. The results of the Council's efforts were significant cost management and savings to the taxpayers. The overall capital budget was decreased slightly for the coming fiscal year, and the budget increase for the Town operating budget was trimmed to 2.14%. This would have been a 0.41% tax impact on the mil rate; however due to valuation adjustments we actually saw a 0.4% decrease to the town mil rate. This translated to a decrease of approximately 1 cent per \$1,000 valuation for the average homeowner.

In an effort to bring greater transparency to Freeport residents about the budget process and the factors which impact their tax bill, ongoing discussion and updates about the RSU5

budget process was a priority, given the RSU5 budget increase and the impact it would have on Freeport's taxpayers.

Connection with the residents of Freeport and facilitating residents' engagement with Town government continues to be a high priority for the Freeport Town Council. Councilors held workshop meetings for all four Freeport voting districts this fiscal year. Resident concerns expressed at those meetings were actively listened to and discussions ensued about how to address them. Concerns about speeding continued to be voiced by Freeport residents and will continue to be an area of focus by the Council in its work with the Public Safety Department. The Council also engaged in discussions during the budget process as to how to improve the communication with the community, particularly during emergency events, but also to make residents aware of ongoing events in the Town. Accordingly, the Council approved funding for an electronic sign to be located at Town Hall and additional funding for mobile electronic signs for public safety announcements throughout the town (e.g. road closings, etc.). The Town, under the leadership of the Fire Department's Chief, Charles Jordan, has also continued to encourage residents to sign up to participate in the CodeRED system (reverse 911 system), which is a voluntary high-speed notification system to alert residential and business communities of messages regarding the safety or welfare of the community. For more information on CodeRED and to sign up for notifications (cell phone users must opt in), please visit the Town's website at: http://www. freeportmaine.com/news.detail.php?news_id=955 or visit the CodeRED website for Cumberland County at: https:// public.coderedweb.com/CNE/en-US/BFF2E84D696F

Councilors continue to commit many hours to strengthening the lines of communication and enhancing the understanding between the members of the Freeport Town Council, the RSU5 leadership and other municipal partners. In February, the Council held their fourth Annual Meeting at the Freeport Community Center for all elected officials and administrative leaders from Freeport, Pownal, Durham, and RSU5. The purpose was to provide information to the other entities about budget concerns, process questions, and community updates. Additionally, throughout the late spring and into the fall of 2018, a small group from the Town Council participated in the RSU5 Finance Committee's ongoing consideration of the cost allocation formula regarding the local monies portion of the RSU5 budget between the three RSU5 communities (Freeport, Pownal and Durham). The Council will continue its active involvement in this ongoing discussion, as the outcome has the potential to have a significant impact on the taxes paid by Freeport residents and businesses.

The Freeport Town Council has a wide array of methods to engage residents and disseminate information, which includes holding district meetings, televising Council meetings, personal outreach, and surveys. The Town Manager also generates a "Town Manager Report" that is presented during each council meeting, emailed to interested residents, and available online on the Town's website www.freeportmaine.com. Several projects this year involved intense engagement by the Council with citizens, including the reconsideration of the parking requirements for downtown Freeport businesses, the parking proposal presented by the South Freeport Church, as well as addressing the ongoing zoning compliance issue presented by the Island Rover vessel and its' impact on nearby residents. In every case, the Council and citizens worked closely together to provide a transparent process and collaborative outcomes.

The Town Council continued to explore solutions related to renewable energy and energy efficiency to reduce the energy costs of the Town of Freeport. The Council approved funding in the FY 2018 budget process to convert its streetlights to LED lights and engaged a consultant to begin the project and continued the implementation process for this project. This is ongoing and the project is expected to be complete in the first quarter of 2019. Additionally, at the request of the Council,

Town staff is continuing to explore whether a solar project at one of Freeport's municipal facilities would result in electricity price stability and future savings. Members of the Council and Town staff have actively engaged in discussions with RSU5 and the Freeport Sewer District regarding opportunities for a joint solar project. Efforts to pursue these opportunities will continue in FY 2019, as the Council keeps an eye on potential policy changes with respect to solar energy at the state level under the new administration.

BY THE **NUMBERS**

Cost to the median taxpayer \$12

There are 7 elected

Councilors

Finally, the Council pursued infrastructure opportunities to promote active lifestyles by actively participating in the ongoing design discussions for the Route 1 South Bridge located near the Muddy Rudder restaurant and, along with representatives from Yarmouth, encouraging the Maine Department of Transportation to include bike and pedestrian lanes in the bridge design.

I would like to thank my fellow Councilors – Melanie Sachs, Scott Gleeson, Lee Arris, Jr., Doug Reighley, John Egan, and Eric Horne – for all of their hard work this past year. I would also like to thank the many Freeport residents who volunteer their time and talents to serving our community. I am grateful for their engagement and service to our Town.

Freeport

BY THE NUMBERS

On most pages of the annual report you will notice a section labeled "By the Numbers". In this section, you will find information about what each department costs the median taxpaver and staffing levels for the department. The hope is that this will give the reader a quick overview of the scope of the department. Please keep in mind that the numbers are based on the median assessed value of all residential properties for FY 2018, which was \$270,200. If your property is assessed higher or lower, then your contribution to each department would be different. The number does not take into account revenues generated by the department. Staffing levels indicated are shown in a full-time equivalent (FTE) unless otherwise noted, which does not take in to account the actual number of employees, but rather the total employee hours budgeted for that department and how many full time employees that would equal.

There are expenses in the Town's budget that are non-departmental, and therefore they are not broken down on a page, and would total \$262 dollars on the median tax bill. This includes expenses such as utilities, insurance, promotions, miscellaneous and contingency, employee benefits, overlay and debt service.

Town Manager

Peter E. Joseph Town Manager

Judith Hawley Assistant to the Town Manager

It is my continued honor to serve the Town of Freeport in the role of Town Manager. At the simplest level, the Town Manager's office is responsible for both the overall operation and all management of municipal departments and employees, as well as the implementation of all policy decisions made by the Town Council. Fiscal Year 2018 saw a great deal of work accomplished by the Town thanks to our dedicated and experienced staff and clear direction from the Council.

Each year, the Town Manager and Finance Director work closely with the various department directors and the Town Council to develop an annual operating budget for the upcoming fiscal year. The annual operating budget is considered during May and June each year, and is approved by

the Town Council, usually with amendments, before July

about \$0.103, and the budget adopted by Cumberland County contributed an additional \$0.009 increase - for a total tax rate increase of \$0.10. Credit for maintaining a responsible budget lies not only with the Finance Director and Town Manager, but also with the Town's department directors, who work hard each year on their budgets to minimize impact to the local taxpayers, and ensure that residents are getting a good value for the Town services they fund.

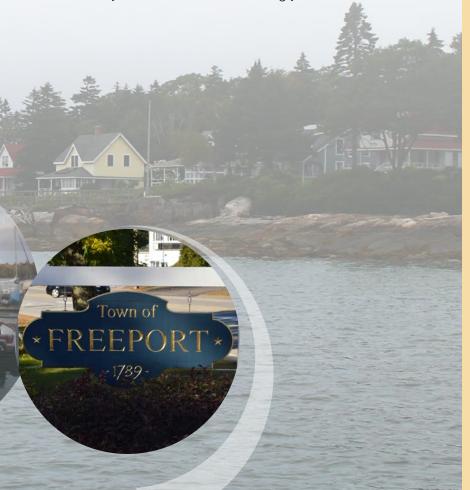

Along with the operating budget, the Town Manager also is responsible for the development of a five year capital plan for the repair and replacement of major items such as buildings, vehicles, equipment, roads, sidewalks, and various other types of infrastructure. The purpose of the capital program is to establish a savings plan to fund major purchases, and to schedule these purchases in a manner that minimizes drastic impacts to the tax rate with "peaks" and "valleys" that could occur if capital purchases vary widely from year to year. It's very encouraging to note that the Town's capital program is able to successfully insulate the tax rate from wide swings from year to year through the widespread use of reserve accounts to save for major capital purchases.

few years in which we had employee turnover due retirements, we saw low employee turnover as many of our recently hired department heads got successfully settled in to their new roles. Due to an aging workforce, we do anticipate some turnover in the coming years as additional long-term employees approach retirement. We continue to work closely with and further develop the skills of our current staff, so that we will be prepared for these changes.

I'd like to take this opportunity to thank both the employees and volunteers of the Town. The countless hours of hard work put in by our volunteers, board members, and employees is a true asset to the Town, and truly makes a difference. Freeport is lucky enough to have some of the best employees and volunteers in Maine, and we are thankful for all that they do. Special thanks goes to Town Manager's Office employees Judy Hawley and Johanna Hanselman for making my job easier ever day, and to the Freeport Town Council, for all of their support of the municipal departments and employees throughout the year.

If I can be of any assistance to you, please don't hesitate to contact me. I wish you all the best in the coming year.

Town Clerk

This year was a year with some change for the Clerk's Office. Deputy Clerk Mary Howe left the Clerk's Office in August to accept the position of Town Clerk in Woolwich. We were thrilled to welcome Freeport resident Lynn Horr to our offices to fill that position. Lynn has been a wonderful addition to the Town Hall staff and attended many Maine Town and City Clerks Association (MTCCA) trainings since she arrived. Next, in July she will be attending the New England Municipal Clerk's Institute in New Hampshire for a week of intensive training. This year the Clerk's Office took on the added duty of scheduling the Hunter Road Fields events.

ELECTIONS

November 2017: The November 7, 2017 State Election saw voters, with a 41% voter turnout, being asked to decide two Citizen Initiatives, a transportation bond issue and a Constitutional Amendment. Voters turned down the Citizens Initiative to allow casinos in York County, approved the initiative to expand Medicare eligibility, approved the Infrastructure Bond and approved the Constitutional Amendment to reduce volatility in the State pension funding.

November was also the annual election of officers. Eric Horne was elected as Councilor at Large. Sarah Tracy was reelected as Councilor District 2, Douglas Reighley joined us as Councilor District 3. Lindsay Sterling and Madelyn Vertenten won seats on the RSU5 Board of Directors, Sally Leland and Gerald Kennedy won seats on the Sewer District Board

of Trustees and Timothy Whitacre was a write-in winner for a seat on the Water District Board of Trustees.

June 2018: June 12, 2018 was a State Primary and Referendum Election having a 42% voter turnout. The State ballot had us selecting our party nominations for

sentative to Congress, State Senator (District 24), Representative to Legis-**NUMBERS** lature (District 48), Judge of Probate, Sheriff and District Attorney. The median taxpayer Green Independents and the Liber-

> tarians did not have Primary Candidates in our Districts. The State Referendum question asked voters if they wished to continue voting for certain offices using Ranked Choice Voting.

Governor, United States Senator, Repre-

The referendum, shadowed in much controversy due to the wording of the question, passed State-wide and Ranked Choice Voting is now the law of the land. This election was the first time that Ranked Choice Voting was used for a State-wide election. Although there was great concern about the logistics of the process, it was used for the nomination race for Governor and turned out to be incredibly successful and problem free. Voters knew the results of the Democratic nomination within 10 days of Election Day.

We also had the RSU5 Budget Validation Referendum on June 12, 2018. Voter's in Durham, Pownal and Freeport overwhelmingly approved the Fiscal Year 2019 operating budget at \$32,946,000.

6936 REGISTERED VOTERS (AS OF JUNE 30, 2018)

Town Engineer

Adam Bliss
Town Engineer

The Town Engineer's function involves the design, administration, and management of capital projects; coordination and management of the Town's environmental compliance permits; and technical review and inspections of commercial and residential developments on behalf of

the Planning Department. Adam also serves as the Director of Public Works and the Director of

Recycling and Solid Waste. In addition, he provides staff support to the Traffic and Parking Committee, Active Living Committee, and Hunter Road Fields Committee. Other engineering and administrative services are performed by the Town Engineer as requested by the Town Manager.

The Town Engineer oversees many of the Town's capital projects and provides engineering support for other Town projects. One major capital project completed in FY 2018 was the paving of South Freeport Road from Porter's Landing to Smelt Brook Drive. Traffic calming measures, also known as "Road Dieting", were incorporated into the project. Examples of the calming measures are visible through narrower travel lanes, wider shoulders, speed tables, and additional signage. The measures help provide added safety and comfort to bicyclists and pedestrians that use the road in common with vehicles.

The Town received a grant from the U.S. EPA and Maine DEP for design, permitting, and 850 linear feet of stream restoration off of Concord Road. The design and

permitting components were completed in 2017 with a construction kickoff scheduled for July of 2018.

The Town leverages capital expenses with grants from federal agencies whenever possible. In FY 2016, the Town was awarded a grant from the Maine DEP to replace an under-

sized culvert on Hunter Road with a much larger structure designed for aquatic organism passage and passage of larger flooding events. Construction kickoff for the 2 to 3 week long project was scheduled for early July of 2018.

One of the least known responsibilities of the Town Engineer is coordination and management of the Town's Municipal Stormwater Permit. The Town has been regulated by the Maine DEP since 2003 under this permit which requires minimization and mitigation of the potential for pollutants to come into contact with stormwater discharges off Town-owned properties and roadways. The permit requires a variety of activities including stormwater system monitoring, catch basin cleaning, road sweeping, outfall

inspections, public education, and annual

reporting, among many other things. The current Municipal Stormwater Permit was issued in July 2013 and expired June 30, 2018 but was administratively continued. The fourth permit cycle is expected to commence July 1, 2019 and will increase the testing and monitoring requirements of stormwater outfalls among a number of other stormwater

management measures. Information about the permit, Yardscaping, and other stormwater topics are available on the Town's, Maine DEP's, and Cumberland County Soil and Water Conservation District's websites. Feel free to register for the Urban Runoff 5k walk / race held every Earth Day. The family event is a great public education tool on clean water.

On a related topic, Concord Gully Brook and Frost Gully Brook are classified by the State of Maine as Urban Impaired Streams. The streams' impairments relate to chloride, bacteria, and impervious cover (pavement and roofs). Chloride is understood to originate from deicing materials used in winter seasons while the bacteria source is unknown but believed to

be from wildlife based on a study conducted by the University of New Hampshire. A Watershed Management Plan study was completed in April 2015 through a grant awarded by the Maine DEP. The Watershed Management Plan identified several projects on both private and public properties that would help restore the natural stream hydraulics and biota.

Cost to the median taxpayer \$12

Employees 1 FTE

The Traffic and Parking Committee addressed a number of traffic and safety issues over the course of the year. Some notable items include: sidewalk connections on Snow Road, Justin's Way, and Elm Street; traffic calming improvements on South Freeport Road; Metro bus shelter and crosswalk on U.S. Route One; speed monitoring and traffic calming throughout Town; and enhanced pedestrian safety on South Freeport Road. The Town Engineer continued working and meeting with the Active Living Committee to con-

The Town Engineer enjoys working with the many volunteers, committees, and other Town employees that help to make Freeport such a special place. All of these efforts help to maintain and improve the quality of life in Freeport.

sider improvements to public facilities.

Hunten Road Fields

The Hunter Road Fields Recreational Facility is now established as a high quality youth sports site. The fields were completed in 2012 and the building opened for use at the end of the fiscal year in 2013. The fields are maintained under a contract with RSU5, and oversight of the facility is provided by the Hunter Road Fields Advisory Committee.

In the fall and spring, the fields were well used by Freeport United Soccer Club, RSU5 Community Program Soccer, and RSU5 Soccer. The fall season-ending events provided competitive tournament opportunities for Freeport soccer participants. The fields were used during the spring by Freeport-Pownal Little League, Freeport United Soccer Club, RSU5 Community Program Lacrosse, RSU5 Lacrosse and the Little League All-Stars. Over the full fiscal year, the facility hosted over 55 teams, 700 kids, and nearly 250 games.

The Hunter Road Fields Advisory Committee met periodically this past year and discussed field usage requests and related allowable practices identified in the Field Usage policies. There were relatively few issues requiring repair or maintenance at the facility. The facility did experience an increase in parking demand because of added usage by the RSU5 Recreation Group and private athletic clubs. The Advisory Committee and Town staff receive usage requests and prioritize them based on the adopted policy. The Committee is currently evaluating parking needs for the 3 to 4 large annual events. A report will be provided to the Town Council during the winter of 2018 which hopefully provides recommendations that balances event scheduling with long-term parking plans.

BYTHE NUMBERS

Cost to the median taxpayer

The Hunter Road Recreation Facility is a valuable asset for the active youth in our community. The facility has resulted in less pressure on the fields owned by RSU5, so the condition of all the playing fields in Freeport has improved. The Town continues to receive praise from the various users on the great condition of its fields. The Hunter Road Advisory Committee is pleased with this success, and we enjoy our work to help the facility meet

the community's needs.

If you or your organization are interested in reserving the facilities, please contact the Clerk's office at Town Hall. Additional information about facility use, policies, rules and fees are available on the Town's website at www.freeportmaine.com.

Solid Waster & Recycling

(L-R) Suzanne Duplissis (Site Manager) and **Josh Harriman**

Recycling reduces taxpayer costs and saves the Town money by avoiding disposal costs at ecomaine, the waste-to-energy facility in Portland. There are now four Silver Bullet containers placed around town (West Street, Wardtown Road, Hunter Road, and South Freeport Road) and a Single Sort Container at the Recycling Center on Hedgehog Mountain Road to help make recycling easier for residents.

OPERATIONAL CHANGES

The Transfer Station and Recycling Center made exciting changes to the way it processed recyclable material in FY 2018. Cardboard, mixed paper and opaque HDPE plastic had traditionally been separated out of the recyclables brought to the Transfer Station. These materials were baled and sold for revenue which typically ranged from \$5,000 to \$6,000 annually depending on market rates. Baled recyclables required three full-time employees and a part-time employee. One of the staff decided to retire in 2017 which presented an opportunity to transition away from baling recyclables and put

all single-sort recyclables into a

compactor. The Town real-

a single-sort compactor

ized a significant operational cost savings by reducing operations to Cost to the 2 full-time and 1 parttime staff. The Town \$37 Council approved the **Employees** capital plan request 2.35 FTE and in September 2017,

replaced the baling operation and the silver bullet located at the Transfer Station.

Residents appreciated the ease with which they could drop off the recyclables because they no longer needed to sort. It is easier to place material into the larger opening afforded by the compactor as compared to the smaller sized openings of the Silver Bullets. The decision was a win for Freeport residents and the Town, as recycling became easier, money was saved, and staffing resources could be redistributed to other operations.

RECYCLING IN THE NEWS

In January 2018, China instituted its National Sword policy sending shock waves through the world of recycling. The National Sword policy implemented tolerance restrictions to less than 5 percent of contaminants in recyclables. In other words, recyclable loads with more than 5 percent contamination would be rejected. China was one of the world's largest customers for recycled material WRORT REC

and added restrictions that affect wholesalers all around the world, including ecomaine.

The staff at the Transfer Station, in conjunction with ecomaine, continues remind residents on what can and cannot be recycled. The single-sort container at the Transfer Station has shown to have low contamination rates, often less than

5 percent. The Silver Bullet containers around Town, however, have contamination rates reported as high as 30 percent. Some materials pulled out of the Silver Bullets include tires, an automobile transmission, rubber rafts, and trash bags, which are clearly non-recyclable. We are all responsible for educating ourselves and so ecomaine has created a webpage titled Recyclopedia to help people know if a particular item is recyclable. Recyclopedia can be found on the ecomaine website or by following the link on the Town website under the Recycling/ Landfill Facility tab. Residents are encouraged to visit the Town website, ecomaine's Recyclopedia webpage, or ask a Transfer Station staff person for guidance. It is important for everyone to be diligent in their recycling efforts so that disposal costs are minimized and Silver Bullets remain throughout Town.

median taxpayer

OCTOBER 31ST STORM

Cleanup from the October 31st storm brought a tremendous amount of brush to the Transfer Station from residents as well as the Public Works crew. In an effort to assist residents with cleanup costs, the fee for brush was suspended for three months. Many residents took advantage of the reprieve.

SPRING CLEANUP

In 2018, the Town observed a slight increase in redeemed coupons despite the reduction of the cleanup period from 4 weeks to 2 weeks. The reduction in the cleanup period length fits with what the Town has historically scheduled and aligns with current staffing levels. The total number of redeemed coupons was 785 compared to 771 in FY 2017.

.....

COST SAVINGS FROM RECYCLING

Throughout the year, residents recycled 768.6 tons of material which saved the Town \$54,188 in avoided disposal costs. This figure includes material from the Silver Bullets around Town, the Transfer Station single-sort container, and pick-up of residential recyclables by private haulers. The recycling rate dropped slightly from 37% in FY 2017 to 33% in FY 2018.

COST SAVINGS FROM FOOD SCRAP DIVERSION

In 2018, the food scrap drop-off program at the Transfer Station yielded 28,450 pounds of wet, heavy food scraps generated by residents. The food scraps were diverted from the waste stream headed to ecomaine's incinerators and instead were taken to the We Compost It facility in Auburn and converted into valuable compost. The drop off program, offered at no charge, is a great option for residents who want to do the right thing and reduce solid waste but are unable or unsure how to compost at home.

Buildings & Grounds

The Buildings and Grounds Division was established in 2015 to cost effectively maintain Town properties that had

been previously maintained by private contractors. The Division is responsible for maintaining municipal buildings and grounds which include Town Hall, the Train Station, Hunter Road Fields, Pownal Road Fields, Leon Gorman Park, municipally-owned cemeteries, and Exit 22 grounds. Brent Moon leads the division as Maintenance Supervisor, with staff assistance provided by Helen Fournier, Kenny Stilkey, and Seth Pierce.

BY THE **NUMBERS**

Cost to the median taxpayer \$34

Employees 3.2 FTE

The Building and Grounds division is responsible for litter control and rubbish removal in the Village area; maintenance of the Freeport Train and Information Center and train platform (including snow removal); mowing of municipal properties, parks, and cemeteries; maintenance and cleaning of the Concessions Building at Hunter Road Fields; maintenance of the grounds at Exit 22; and maintenance of building and grounds at Leon Gorman Park.

The Division did not have any capital purchases for Fiscal Year 2018. Operations continue to flow smoothly despite the numerous and varied requests from Town Departments. The creation of this Division is a strong example of the Town exercising fiscal responsibility for services provided to the community.

(L-R) Seth Pierce, Ken Stilkey, Helen Fournier and Brent Moon (Maintenance Supervisor)

Public Works Department

Front row (L-R): William Gorham, David Osgood, Connie Carpenter, Earl Gibson (Superintendent), Tammy Morrissey, Robert Bradley

Back row (L-R): Jeremy Arsenault, Alan Walsh, Howard Dyer,
Jeffrev Goldrup, Jeremiah Rumery, Daniel Libby

I would like to compliment our Department for doing an outstanding job on our construction projects, maintenance projects and winter snow removal operations. Our biggest challenge this year was the late October wind storm which downed trees, blocked roadways and knocked out power for a couple of weeks for some residents. Thankfully, our new generator had been installed just weeks before the storm arrived so we were able to keep our facility up and running during the power outage. The tree cleanup from this storm ran into winter and continued into the spring. This winter was an extremely cold one with several small, under 6", backto-back storms and icy conditions. Due to the cold tem-

peratures, we had a long posted road season, making it a challenge to

get started on our summer projects. Many thanks to the crew, the other Town departments, the Town Council, and the citizens of Freeport for their continued support of the Public Works Department!

BY THE **NUMBERS**

Cost to the median taxpayer \$142

Employees 11.8 FTE

CAPITAL IMPROVEMENT PROJECTS

The base pavement was completed on South Freeport Road (from Smelt Brook to Porters Landing). The final surface pavement was completed in South Freeport on Park, Middle and Main Streets. Complete reconstruction and pavement of Curtis Road was completed in FY18. Cross-culvert replacements and ditching work was done on Baker Road (from Cedar Lane to the end of the Town's way) in preparation for reconstruction of that road in 2018.

CAPITAL EQUIPMENT PURCHASED

2018 Back Hoe, 60KW Facility Generator

ROAD PAVING PROJECTS

The following is a list of roads paved this fiscal year: Wolfe's Neck Road (from Burnett to the end), Foster Road and Old Brunswick Road. These are pavement overlay projects, in addition to the Capital Projects.

ROAD AND STREET CROSS CULVERT REPLACEMENTS

The replacement and upgrade of driveway/drainage culverts is always an ongoing project for our department.

ROAD AND STREET MAINTENANCE

Roadside mowing, seasonal striping, street sweeping and drainage maintenance of our town roads are tasks we complete on an annual basis.

SPECIAL PROJECTS

The Public Works Department began work on the new Elm Street/Snow Road sidewalk, which will connect the Main Street sidewalk to the back of the high school as well as to L.L. Bean's sidewalk on Justin's Way.

WINTER SEASON

The Town had 33 snow storms this year. We used 1,465.40 yards of road salt, 1,344.40 yards of winter sand and 19,956 gallons of road surface treatment.

FACT:

Freeport's total snow accumulation was approximately 98.5 inches

Finance Department

The Finance Department is dedicated to serving all Freeport citizens and Town Departments. The Finance Department is responsible to ensure funds are budgeted, expensed, and collected accurately and efficiently. We oversee and administer the Town's financial and accounting systems, including the collection and disbursement of all monies for the Town. We are responsible for all property and excise tax collection for 4,500 real estate property and 500 personal property accounts, federal and state grants, parking tickets, various permit and license fee collection, and processing vehicle registrations. Other functions of the Department include the weekly payroll processing for the Town's 67 full-time and 75+ part-time employees, paying all of the Town's invoices and billing for any receivables.

BYTHE **NUMBERS**

Cost to the median taxpayer \$37

Employees 5 FTE

credit card payments. For citizen's that wish to use this form of payment, there is an additional fee of \$1 for transactions up to \$40 or a 2.5% fee for transactions over \$40. This charge covers the cost of the processing fees from our third-party processor and is collected directly by them at the point of sale. Debit and credit card payments are accepted both online and over the counter, as well as at the Recycling Facility.

The Town of Freeport accepts debit and

The Department is also responsible for all cash reconciliation and investing the Town's funds to ensure proper cash flow and maximum security and liquidity. The Finance Director works closely with the Town Manager on the budget process, and is responsible for the annual estimate of revenue and preparing a balanced budget, in addition to preparing the financial statements and all subsequent notes and schedules. Several important financial statements are located at the end of this annual report. The full financial statements from FY2018 are available at Town Hall or on the Town's website www.freeportmaine.com under Documents/Financial Reports – Annual. The audit was performed by Runyon Kersteen Ouellette of South Portland, Maine.

For FY2018, the Finance Department issued 4,979 tax bills, completed 11,605 vehicle registrations, and processed 2,773 accounts payable checks.

IMPORTANT TAX INFO

Freeport's tax year starts
July 1 each year and ends June 30
the following year.

If you have recently purchased or sold property in the Town of Freeport, please notify the Assessor's Office and the Finance Office with the correct name, address, & mortgage holder(s) so that tax bills may be sent to the proper person(s). Please direct any questions about the valuation of your property to the Assessor's Office.

Many of the services we offer, including re-registrations for automobiles, trailers, ATVs, snowmobiles and boats can be done online; please visit our website at www.freeportmaine. com. If any member of the public has questions regarding the Finance Department, please call Finance Director Jessica Maloy at 865-4743 ext 115.

(L-R) Gail Pinard, Debbie Reeder, Diane Hutchinson, Todd Reynolds, Jessica Maloy (Finance Director)

Tax Assesson

The Town Assessor is an agent of the State, and is charged by law with valuing property for the purpose of taxation. To raise the funds for the budget approved by the Town Council, the Assessor prepares a taxable valuation list of all properties, then commits the assessments to the Town Tax Collector for collection. The Assessing Office then reports its activities for the year to the Property Tax Division of Maine Revenue Services.

VALUATION HISTORY

This office conducted an update of valuations in 2006 to bring assessments more in line with the market and to help restore equity. Subsequently, the national real estate market softened. As a consequence, this office cut back valuations by applying a factor of .85 for assessments as of April 1, 2010. Owing to the market's recovery, the Town has implemented market updates effective April 1, 2014, 2016, and 2017. The real estate market remains active in this low interest rate environment. The town now certifies a 100% assessment ratio with Maine Revenue Services for this year, however, prices appear to continue their ascent.

VALUATIONS COMMITTED ON SEPTEMBER 18, 2017:

Taxable Real Estate\$1,643,445,500Taxable Personal Property68,821,322Total taxable valuation\$1,712,266,822

TAX RATE

The tax rate has stayed fairly steady over the past several years. The FY 2018 rate was \$14.95

NUMBERS

Cost to the median taxpayer \$18

Employees 2 FTE

HOMESTEAD EXEMPTION

If you owned a home in Maine for 12 months prior to April 1, you may apply for this program. If eligible, one's property valuation was reduced by \$20,000. Forms are available at the Tax Assessor's office and on the Town's website at www.

freeportmaine.com If you have already applied, there is no need to reapply.

VETERAN'S EXEMPTION

A property owner may obtain a reduction in the valuation of their property up to \$6,000 if they are a veteran who was not dishonorably discharged and is over 62, or is an un-remarried widow/widower of a qualifying veteran. If the veteran is under 62 but is 100% disabled due to a service-connected disability, he/she might likewise qualify. Applications for these exemptions are available in the Assessor's Office and on our website at www.freeportmaine.com

IMPORTANT NOTICE

The State offers a refundable Property Tax Fairness Credit that can be claimed on the Maine Individual Income Tax Form. The credit became available beginning in January 2014 on the Maine Individual Income Tax Form 1040ME. A worksheet is included with Form 1040ME to help you figure out the amount of the credit. Forms can be downloaded from the Maine Revenue Services web site at: http://www.maine.gov/revenue/forms. You may also call 207-624-7894 to request a form be mailed to you.

MISCELLANEOUS

This Office also coordinates the Town website, tax maps, E911 addressing, and acts as Census liaison.

Robert Konczal (L) Assessor

Louise Thibeault (R) Assistant Assessor

Codes Enforcement

New residential construction in Freeport was similar to last year. This year there was a total of sixty-one (61) new residential units permitted; which is above the average of fifty-four (54) units per year. Thirty-eight (38) permits were issued for single-family houses; which is down from fifty-one (51) permits the previous year. Details can be observed in the table below.

The number of permits issued for new commercial construction decreased with only two (2) permits being issued. This was another slow year for new commercial growth, which could in part be due to the low vacancy rates in the retail area of Freeport Village. There was a large construction project underway with the RSU5 high school addition, which is now up and running.

The Town has standards for accessory apartments, and a permit is required for the construction of these units. One permit for an accessory apartment was issued this year. If you are interested in putting in an accessory apartment, a copy of the regulations can be obtained at the Codes Office

Town may see more permits for various types of apartment units over the next few years, as some standards have changed which makes it easier to construct units in existing buildings.

at Town Hall or on the Town's website. The

The Board of Appeals had an average year for requests. There were 10 setback reduction/variance requests, the same as the previous year, and one mis-located building appeal.

The 2009 Shoreland Zoning changes are still in effect and the way the shore setback is measured varies by property. If you live in the Shoreland Zone, including in any stream protection areas, or are not sure, please stop by the Town Office or visit the Town's website to obtain a copy of the regulations to see if these changes affected your property. In addition, the Federal Emergency Management Agency (FEMA) preliminary flood insurance rate maps have been published and a copy has been delivered to the Town Office for review by

Nick Adams
Codes Enforcement Officer

the public. We encourage all property owners near a water body to stop by and see if changes are proposed on their property.

As a reminder, since December 2010 we have been enforcing the 2009 building codes as mandated and amended by the State of Maine. Forms and information on the current codes are available on the Codes Enforcement page of the Town's website at www.freeportmaine.com. As always, we encourage you to contact our office prior to starting a construction project of any size.

Planning Department

The Planning Department strives to make Freeport a great place to live, work, play and visit.

This Department serves a variety of functions for the Town of Freeport, such as, providing assistance to Boards and Committees, writing and administering grants, overseeing energy consumption for town-owned buildings, and completing a variety of special projects on an as-needed basis. The Department staff is always available to help residents and business owners understand local codes and ordinances and how they relate to their property.

During fiscal year 2018, the Project Review Board worked on projects smaller in nature, such as requests for (12) Design Review Certificates, (3) Changes of Use, and (18) Site Plans or amendments; the largest approval being a 12,000 square foot boat storage building on US Route One. The Board also started the review on two residential subdivisions and one commercial subdivision.

The Staff Review Board reviews small development proposals. This Board was created to help expedite the review and approval of smaller commercial expansions and new business proposals. In the past year, the Board reviewed a total of two projects; a gravel pit renewal and a change of use.

The Planning Board does the long- and short-term planning for the community. Planning topics come to the Board in different ways. In most cases it's an idea of the Comprehensive Plan that needs to be fully vetted. Sometimes a project comes up that doesn't meet the standards of the Zoning Ordinance and an amendment is requested. In all cases the Board conducts a thorough investigation of the issue so that they can make the best decision for the people and business-

es of Freeport. This year the Planning Board's work focused on making adjustments to ordinances to enhance clarity, as well as, the parking requirement in the Village Commercial 1 District.

The Planning Department also helps out the Conservation Commission and the Active Living Committee. This fiscal year the Conservation Commission was awarded a grant from the Maine Conservation Corp to rebuild bog bridges at Florida Lake. The Active Living Committee works on making the town safer for bicyclists and pedestri-

ans. That Committee advocated for building 700' of side-walk on US Route One south as part of the paving project, suggested adjustments to the town's website regarding out-door recreation opportunities, collaborated with Yarmouth residents on recommending the new design of the Cousins River Bridge and hosted a "Build-a-Bridge" event to gather information that will guide planning for Exit 22 improvements.

The major special project for the Planning Department this year was the installation of LED streetlights. That project will be completed in FY19. Ridership on the Metro Breez continued to grow as the route was extended to Brunswick. The Department is always looking for ways to decrease energy consumption and increase the use of renewable energy resources. As always, grants will be prepared as they become available.

Special Notices

PROPERTY TAX VIEWING - NOW ONLINE

Real estate and personal property tax information is now available online. Visit the Town's website and click on the tab for online services or go to https://freeportmaine.munisselfservice.com/default.aspx

PRESCRIPTION DRUG TAKE BACK PROGRAM NOW EVERYDAY

The Freeport Police Department has installed a secured permanent drug drop-off box in the lobby of the Public Safety Building. Residents can now drop off expired, unwanted or outdated drugs during their normal business hours (Sunday thru Saturday 8 a.m.-4 p.m.). No sharps please (e.g. needles). The Police Department will also continue to take part in the semi-annual drug take back program each fall.

METRO BREEZ

The METRO Breez provides service between Portland, Yarmouth, Freeport and Brunswick. Single tickets and ten-ride passes are available for purchase at the Town Office. For up-to-date information, including schedules, visit http://gpmetrobus.net

MUNICIPAL BULLETIN

The Town publishes a Municipal Bulletin which contains information on town activities, events, as well as the Town Manager's report. The Bulletin is produced once or twice a month, generally in conjunction with the Town Council Meeting schedule. This Bulletin is posted on the Town's website under "Quick Links". There is also the option to subscribe to receive the Bulletin via email.

EVENTS AT THE LIBRARY

The Freeport Community Library publishes a quarterly newsletter which has information on all of their upcoming events (for adults and children). Visit their website at http://www.freeportlibrary.com/pdfs/FCLnewsletter.pdf

TOWN OF FREEPORT VOLUNTEERS NEEDED

Interested in becoming involved in your community? The Town of Freeport is in need of residents interested in serving on the Town's many important Boards or Committees. If you are interested in serving on a committee, applications are available at the Town Hall (30 Main Street, Freeport) and on the Town's Website www.freeportmaine.com.

Cumberland County

Cost to median taxpayer: \$178

The calendar year 2018 County tax for the Town of Freeport was \$1,109,052. For this amount, Cumberland County provides the Town of Freeport services such as Cumberland County Jail, Sheriff, District Attorney, Probate Office, Registry of Deeds, Regional Communications Center, and Emergency Management Agency. In 2018, Commissioner Stephen Gorden represented District 3, which includes the Town of Freeport, as a chief elected official of the County.

For the 4th year running Freeport again had valuation increases above the norm for the county, although not nearly as far above the average as prior years. Overall valuation increased 4.53% countywide, and Freeport was 5.0%. As a result, their taxes went up 4.96%, greater than the 4.54% countywide average.

Police Department

The Freeport Police Department welcomed three officers to our ranks in FY 2018. William Brown, Jonathan Edwards, and Steven Milton joined Freeport's dedicated group of officers who work hard 24/7 responding to calls for assistance from Freeport's local P

residents and visitors. Officer

Paul Chenevert retired from the department after proudly serving 27 years. We thank him for his work and wish him well in retirement. We honored several citizens and employees at our first **Community Service Recognition** Ceremony in May of 2018. Derek Moran (CVS), two employees from a local hotel, Steve Roy (Fire Rescue), and Matthew Moorhouse (Police) were commended for their actions to help others in our community. Chief Nourse found some youngsters before the 4th of July parade who were dressed in superhero costumes. They represent the next generation of community members who will extend a helping hand to others. Working in collaboration with our public safety partners on the Fire Rescue Department, Freeport's police officers are able to "do something" when a member of the public "sees something" and then "says something."

Fire Rescue Department

Charles D. Jordan, Jr., Chief Freeport Fire Rescue

It is with great pleasure that I report to you on the activities of your Fire Rescue Department for FY 2018. It is our privilege to provide around-the-clock fire, rescue, and emergency medical services (EMS) coverage to the community. By way of organization, our on-duty providers are cross-trained as firefighters and EMS providers with-coverage to the paramedic level. During fiscal year 2018,

the Freeport Fire Rescue Department answered 1,727 calls for service inclusive of medical calls, fires, automatic alarms, motor vehicle accidents, and varied other emergencies. During this period, the Department responded to 52 fires, resulting in property loss of \$231,005, with \$101,755 in structural fire losses, \$127,250 in vehicle fire losses, and \$2,000 in other losses. In addition to the responses noted above, your Fire Rescue Department completed 182 revenue-generating, inter-facility medical transfers. These provide some financial offset to the Department's impact on the general fund.

For FY 2018, Department members participated in numerous hours of training, covering diverse topics ranging from engine and ladder company operations and safe driving habits, to the myriad emergency medical technician skills which need to be kept up to date. An EMS provider must obtain continuing education hours (CEH) in a variety of subject areas during their three-year licensure period. Specifically, an Emergency Medical Technician (EMT) must obtain 52 hours of CEH training, an Advanced EMT must obtain 56 hours of CEH training, and a Paramedic must obtain 72 hours of CEH

training. Senior staff members are in the process of completing the Fire Inspector I program through the Maine State Fire Marshal's Office and the National Fire Protection Association (NFPA), with an eye toward restarting the inspections program. It has been my pleasure to witness the dedication and professionalism as our members continue to improve their skills in order to better serve the citizens of, and visitors to, Freeport.

We feel very well supported in our efforts as your generosity during the recent fundraising campaigns will allow us to implement a community-wide program to increase the number of citizens trained in the American Heart Association's new Hands Only CPR and to pro-

mote the health and safety of our responders. We believe these programs, coupled with the increasing availability of AEDs (automated external defibrillators), will make a significant contribution to Freeport's life-saving effort.

Fiscal Year 2018 also brought with it the Halloween Storm of 2017. The lessons learned from our response to that event are informing the rewrite of the Town of Freeport Emergency Operations Plan (EOP) which we hope to present to the Town Council late this fall (November 2018). I would like to take this opportunity to thank all of those who have lent their time, expertise and sense of community to this endeavor.

Finally, I wish to end by thanking you the citizens, the Town Council and town staff for your continued support of Freeport Fire Rescue. As your Fire Chief, I hope you will utilize me as the link to the services provided by your Fire Rescue Department. I may be reached by telephone at 865-3421 or by e-mail at cjordan@freeportmaine.com, but I encourage you to stop by the Public Safety building at 4 Main Street for a tour or to discuss any fire/rescue related matter.

We are available to provide
CPR training to groups and organizations.
For more information, please call
Chief Jordan at 865-3421.

RN15 Superintendent of Schools

There are many exciting things happening in RSU5. The track and field project is completed. The students and community are enjoying the new facility. The new track and field was only made possible by the support of many community members. Thanks to all who came out for the grand opening on May 18 and participated in the fun run with Joan Benoit Samuelson around the track.

We want to thank all residents for the passage of our current budget. This was only the second time since the formation of the RSU that all three towns passed the budget. The adopted budget for 2018-19 is \$33,058,024. This budget adds some needed support positions, as well as an increase to the capital improvement line.

We are fortunate and thankful for the individuals willing to volunteer and serve on the RSU5 Board of Directors. In 2017/18, Board members representing Durham were Candace deCsipkes, Jen Galletta, and School Board Chair Michelle Ritcheson; members representing Freeport were Jeremy Clough, John Morang, Maddy Vertenten, Lindsay Sterling, Valy Steverlynck, and Sarah Woodward; and members representing Pownal were Kathryn Brown and Naomi Ledbetter. Naomi is no longer serving on the Board and Erica Giddinge has replaced her. For the first time, we had two student representatives on the Board: Junior Ben Morang and Senior Carter Jedrey-Irvin. The Board established three key priorities for the past year: implementation of proficiencybased teaching and learning, improved teacher/administrator effectiveness and creating a new strategic plan to guide the District over the next five to seven years. These goals were successfully completed, although the strategic planning goal is a two year goal. We hope to have a completed plan by the end of this upcoming year. These Board goals aim to ensure every student has an engaging, student-centered education, and graduate college and career ready.

To attain the Board goals we have an extremely dedicated, qualified staff serving our students. Administrators, teachers, support staff and volunteers work

BYTHE

together to be a champion for all of our students, collaborating and sharing responsibility for student learning. We educated 1,947 students during 2017-18, which was an increase of 64 students from the previous year. In June, 106 students graduated from Freeport High School, ready to venture into their post-graduation

lives. We believe our student enrollment will continue to rise as we anticipate over 2000 students attending RSU5 this upcoming year.

In order to support life-long learning, RSU5 provides opportunities through the Community Programs Department. These programs are centered on youth and adults. Our programs include the Laugh and Learn Childcare Program, adult enrichment classes and youth recreation programs.

There is no better investment than creating an educated populace. Through the collective efficacy of our staff, parents, students and community members, we believe we can provide an education to our students that results in improved student achievement throughout the District. We encourage you to become involved, whether it be through the boosters, volunteering in the schools, attending Board meetings, or attendance at school events. We hope you join us in our mission to "provide our students with a world-class education that will challenge minds, engage creativity, develop self-discipline, and advance inherent strengths!"

Our library continues to be a busy place. The children's Summer

Reading Program, sponsored by L. L. Bean, had 654 children who participated, reading 7,297 books in eight weeks. Every week, new and accomplished readers came in to tally their reading charts. Many also participated in Bedtime Math, an online program. Special thanks go to the

Freeport Elders who sewed over 500 small bags for the reading program. The Elders have been very loyal volunteers for many summers. The summer program helps children keep up their reading and math skills while school is not in session and expands their love of reading. This year our programming included events focused on a wide variety of interests. Some highlights were Earth Jams; Henna Tattoos; Planetarium; Marine Mammal Rescue; Sparks' Ark; Rewild

ME Bow and Arrow and Ropes; Mason Jar Succulents; reading to therapy dogs; and monthly preschool and toddler yoga. All of these programs make a real difference to the families of Freeport. We also had 30 junior pages volunteer throughout the year.

In addition, we had author talks with Amy Bass; Bruce Robert Coffin; Len Kalkwarf; Kevin Mannix; Barton Seaver; Kathryn Swegart; and Andy Young. Patrons traveled vicariously to the Canadian Arctic, Hudson Bay, and Berlin in our March Armchair Travel series. The High Winds Flute Choir turned a regular night extraordinary. We treated our volunteers to a Volunteer

Brunch to show them how much we appreciate them! We have added Tech Appointments twice a week for general technology assistance for patrons.

Our Adult Summer Reading program has been particularly successful. We find adult summer reading vital as it promotes adult literacy, sets an example for kids, and encourages patrons to interact with their library in new ways. From 2017 to 2018, our participation has gone up 78%, with a general increase of 60% since we first began the program in 2016.

All of these events haven't replaced our focus on being a center for adults, students, young people after school, families, homeschoolers, people working online, genealogy researchers, visitors using the public computers and Wi-Fi, newspaper readers, and people sending faxes, getting state and federal tax forms or copying documents, as well as patrons checking out adult books, children's books, magazines, movies, and audiobooks. Our priority remains having our library be a welcoming place for everyone who walks through our doors, both real and virtual, seeking information of all kinds.

"A library is not a luxury but one of the necessities of life."

General Assistance

Johanna Hanselman General Assistance Administrator

The General Assistance Program is a State-mandated, municipally-administered financial assistance program. It was designed to be the program of last resort for residents of the community who are unable to provide for their basic needs (e.g. food, shelter, fuel, electricity). The Town of Freeport serves as the Regional General Assistance Office for residents from the

towns of Freeport and Yarmouth. Appointments to apply for general assistance can be made by contacting the General Assistance Office (865-4743 x120).

This office continues to see many Freeport residents requesting assistance for help with their basic necessities. Overall maximum levels of assistance, which are set by the State, are extremely low and many in need are over the income guidelines for the General Assistance Program. In an effort to assist households not qualifying for general assistance, yet unable to cover the cost of their basic necessities, the Town of Freeport has established a number of programs to address meeting some of those needs. The Freeport Heating Assistance Fund is funded through both public and private sources and administered through the General Assistance Office. Through the generosity of our local citizens and businesses, emergency heating fuel was provided to 35 households during this fiscal year. Donations continue to be accepted and will be used to assist people in need during the 2018-2019 and future heating seasons.

The Town is also fortunate to have the ability to provide financial assistance to Freeport residents with hospital expenses, prescription drugs, physician visits and dental emergencies through money generated from the Gould and Davis Trust Funds. Over \$6,513 was awarded to 67 Freeport individuals for financial help with medical expenses during the past fiscal year. Applications for these funds are available through this office and Freeport residents are eligible based on financial need.

The Emergency Rental Assistance Fund, a recent collaboration between the Freeport Housing Trust and the Town of Freeport, was established to help prevent lower-income renters from becoming homeless. Households may be eligible when a documented, non-preventable emergency has caused the applicant's housing situation to be in jeopardy and all other assistance programs have been exhausted. This program has assisted 10 households which were on the verge of becoming homeless.

In conjunction with the Town Planner, the Town applied for and received Community Development Block Grant funds to purchase Metro Breez passes for income eligible Freeport residents and employees of Freeport businesses. Since the start of this program, 56 households have received bus passes. Providing reliable transportation has enabled these recipients to obtain and retain jobs, make it to essential medical appointments and attend events that they otherwise would not have been able to without this support. Interested applicants must complete a simple application at the General Assistance Office at the Freeport Town Hall.

I would like to take this opportu-**BYTHE** nity to express how fortunate **NUMBERS** Freeport is to have so many dedicated individuals, busi-Cost to the median taxpayer nesses and organizations \$9 which work together to offer **Employees** services to Freeport resi-1 FTE dents, including Town employees, Freeport Community Services, Freeport Housing Trust, local clergy, school personnel, senior citizen representatives and police personnel. It is truly an honor and delight to work with members of the Freeport community.

Freeport Heating Assistance Fund Donations can be made to: Freeport Heating Assistance Fund 30 Main Street Freeport, Maine 04032

* Please note: The above information was self-reported by the respective agencies during the budgeting process.

Harbormasten

The Harbormaster's Office deals with a wide range of issues within Freeport's coastal waters which include: assisting mariners, recovering lost, stolen or sunken vessels and ensuring all vessels are operating with the proper safety equipment. The Harbormaster provides emergency transportation for the Freeport Police and Fire Departments as well as other neighboring agencies. The Harbormaster ensures that all public boat landings are operating safely and efficiently and plays a vital role in enforcing state laws as well as the Freeport Coastal Waters Ordinance.

The Harbormaster and Assistant Harbormaster work with the Freeport Shellfish Commission in keeping Freeport's waters clear of any pollutants that will directly impact the health of marine life. With over fifty commercial shellfish license holders, we continue to take routine water samples for the Department of Marine Resources to monitor the health of Freeport's waters. We inspect marine sanitation devices ensuring that all "Y" valves are in the locked position while in Freeport waters.

Transient vessels are informed and educated that Freeport's waters are a shellfish protection zone where no overboard discharge is tolerated.

Freeport's waters are constantly changing and remain a resource for many different fisheries as well as recreational uses. The Harraseeket River holds over 350 moorings and is home to marinas, commercial fishermen, kayakers and more. It is important that we continue to manage our waters as a place for future generations to enjoy as well as earn a living.

The Coastal Waters Commission remains very busy dealing with a variety of waterfront issues along with ordinance updates and changes. This year the Commission thanks Jay Pinkham for all of his years of service as he enjoys retirement in Boothbay Harbor and welcomes Charles Tetreau as the new Harbormaster.

The Commission is always looking for new members. Anyone interested in serving is encouraged to apply. Application forms are available in the Town Clerk's Office at the Freeport Town Hall and on the Town's website.

Marine Resource Conservation Officer

The shellfish industry continues to be a vital yet fragile industry. During the past year, the Shellfish Commission and harvesters have worked diligently to maintain open and productive flats. Market price of clams remained down this year as a direct result of high landings of clams statewide. Soft shell clam landings for Freeport in 2017 were 379,496 lbs, representing a 56% increase from 2016 (242,289 lbs) and a 60% decrease from 2012 (939,695 lbs).

There are many variables that influence the ability to maintain open harvesting and a healthy environment for the shellfish. To ensure protection of the quality of the water, Casco Bay has been designated a "no discharge zone" for all boats. The Shellfish Commission, along with the Harbormaster and personnel at the local boat yards, continue to educate boaters about the effects of overboard discharge and direct them to pump-out sites located at the two boat yards. Local boaters are surveyed on an annual basis about boat usage and discharge systems as well as random inspections completed by the Harbormaster with assistance from the Marine Resource Conservation Officer. Several signs have been placed at boat yards and docks indicating the no discharge area. The no discharge sign located in the river channel has been updated and replaced.

This year in particular, the Freeport Shellfish Commission focused on maintaining and improving Freeport's water quality. The following activities were integrated into the Shellfish Commission Conservation Program: locating pollution sources, shoreline cleanups, educating Freeport's residents on the importance of cleaning up after their pets, and adding additional pet waste stations in areas chosen by the Commission. The Shellfish Commission is also currently conducting a rainfall study that will show how different amounts of rainfall affect the northern end of the Harraseeket River.

In a joint effort, the Marine Resource Conservation Officer, Harbormaster, Food and Drug Administration, and the Maine Department of Marine Resources maintain a year round water quality monitoring schedule of all tidal areas in the Town of Freeport. Freeport's water quality continues to test very well, thus maintaining the ability to keep our flats open. The status of our

Charles Tetreau

Harbormaster and Marine

Besource Conservation Officer

clam flats are monitored and revised continually by the State. Current conditions may be found on the DMR web site http://www.maine.gov/dmr/

Access to the flats is limited, and without the cooperation of businesses and private land owners access would be even more difficult. On behalf of the commercial and recreational harvesters, thanks are extended to all who have made access possible. In addition to the efforts of the Shellfish Commission and the local harvesters, we must recognize and thank all the other groups and individuals that help support and protect this important resource. Among those are the local boat yards, the Harraseeket Yacht Club, the Harbormaster, Wolfe's Neck Farm, and all of the responsible dog owners.

Looking ahead to next year, several areas of focus are emerging, which include: creating greater opportunity for a new generation of harvesters to enter the profession; monitoring statewide shellfish aquaculture initiatives for possible introduction in Freeport, to include subtidal shellfish aquaculture; identifying and implementing a sustainable and credible survey mechanism that will capture the health of the shellfish resource, identify challenges, and inform Shellfish Commission decision making; and evaluating the possibility of establishing (with local schools) an intertidal education and research program.

The Freeport Shellfish Commission is always looking for new members who have a passion for promoting the health of Freeport's waters, as well as sustaining a working waterfront. Anyone that is interested in serving is encouraged to apply. Applications are available online and at the Town Clerk's Office at the Freeport Town Hall.

Freeport Train & Information Center

Ed Bonney Manager

The Freeport Train & Information
Center is located at 23 Depot
Street in The Hose Tower Building
adjacent to the Downeaster Platform. The Center serves as the
Freeport Downeaster train station
and as a Visit Freeport Information Center. The Center is open
7 days a week and its hours are:
Monday through Friday 7 a.m.
until 6 p.m., Saturday 7 a.m. until
6:30 p.m. and on Sunday from 11
a.m. until 1 p.m. and from 5:30

p.m. until 6:30 p.m. The staff's mission at the Freeport Train & Information Center is to provide information and assistance to all visitors to Freeport. Our goal is to give whatever assistance we can to make their visit an enjoyable experience.

Freeport has had Downeaster service since November 1, 2012. Presently it has three round trip trains to Boston each day and two late night trains from Boston. The Downeaster layover facility in Brunswick is now operational and as soon as the 4 mile Royal Junction track in Cumberland and Falmouth is complete, Freeport will have 5 round trips to Boston each day. Completion of this work is expected in late 2018.

Since the start of service in November of 2012 through June of 2018 Freeport has served 70,763 Downeaster passengers. During this same period the staff at the Center assisted 32,474 non-train visitors. From July 2017 through June of 2018, the Town's fiscal year, the Train & Information Center has served 12,690 train passengers and 5,407 non-train visitors. Freeport ridership continues to recover after the loss of ridership in 2015 and 2016 due to the winter weather, track and bridge construction, maintenance delays, and cancellations. The combination of these events resulted in decreased ridership. Not included in the above passenger numbers are event train passengers that each December ride the Visit Freeport Sparkle Express train to Portland and the Northern New England Passenger Rail Authority's Holiday Train from Boston to Brunswick. These trains average between five and six hundred passengers per year. Staff at the Train & Information Center enjoy making these events a great experience for children and their families.

In August of 2017, the Downeaster had the use of an Amtrak Dome Car for a month and passengers using our early morning and early evening trains had an opportunity to ride in it on their southbound trips. Passengers arriving in Freeport from the south also had an opportunity to enjoy the Dome Car. The Amtrak Dome Car is scheduled again for August of 2018.

Passengers departing Freeport on the Downeaster continue to be a mix of folks taking the train to Boston and other Downeaster destinations. Many riders that board in Freeport are planning to continue their travel once reaching Boston either by train or airplane. Freeport also serves several riders that work in Boston during the week. They commute, leaving on Sunday night or Monday morning and return Friday night for the weekend. Arriving trains carry a mix of day shoppers, extended stay visitors and area travelers returning from vacation or business travel. School, civic and family groups also travel from Freeport to Boston on the Downeaster for day trips, concerts and sporting events. During the summer and fall months a large number of visitors from all over the world use the Downeaster to travel to Freeport. Boston is the most frequent departure and destination for passengers using the Freeport Train & Information Center. Haverhill and Woburn, Massachusetts are next in order for Freeport usage.

Train Center staff assist Downeaster passengers with ticket purchases, information on train schedules, train arrival and departure status, ticket pricing, Downeaster travel packages and trip planning for the entire Amtrak System. Staff at the Center welcome train and non-train visitors to Freeport by providing them with Visit Freeport maps and guides, coupons, brochures on Freeport stores, restaurants, hotels, Bed and Breakfast accommodations and attractions in

the area. Staff also provide visitors with driving directions to other destinations in Maine along with State of Maine maps.

If you have not visited the Train & Information Center, please do.

Winslow Park

The park saw a very busy summer with large crowds using the beach, picnic area, campground and attending the Thursday evening concert series. Park staff concentrated on upgrades and painting projects on many of the existing facilities, as well as building replacement picnic tables and renovating the old cabin moved from Pound of Tea Island, which opened in June as a community area for games and gathering.

The summer season saw some of the highest usage rates in park history. The park remained steadily busy every day and swelled on the weekends with local users and tourists. Day usage remained high with 500 season passes being sold, down slightly from the previous year. Park entry remained free for those six years of age and under and those sixty-two years of age and over. Total campsite occupancy also remained steady at 67%. Harb cottage was booked, as usual, for the entire summer season. Close to 200 lottery applications were received for the 18 possible weeks at the cottage. One week in October was once again donated to Freeport Community Services as an auction item for their annual fundraiser. The cottage was also available for short term rental from November through May by reserving online.

Winslow Park was again host to a number of events. The shelters in the day use area were heavily used for company outings, weddings, family re-

unions, and other private events. The day use area was used by a number of school and summer camp groups on a regular basis. The park also hosted large events such as the Freeport Rotary Club's Close to the Coast Race,

Neil LymanPark Manager

Winslow Park Family Fun Day and the Lobsterman Triathlon with over 600 participants.

Winslow Park continues to offer extensive discounts to Freeport residents including discounts on entry, season passes and camping. There also continues to be three free weeks of camping; one in June and two in September. The local school department hosted many fall and spring events and field days at no charge.

A large storm struck the area causing heavy damage to the park in late October. Park maintenance staff, who had finished for the year, returned to do extensive tree cleanup. Dozens of downed trees were limbed, cut up, moved and, with the help of the Freeport Public Works Department, trucked off the property to be disposed.

Construction of a new, larger maintenance building was started in the spring. The new barn style building will be used as a storage and workshop area for equipment maintenance as well as hosting a woodshop.

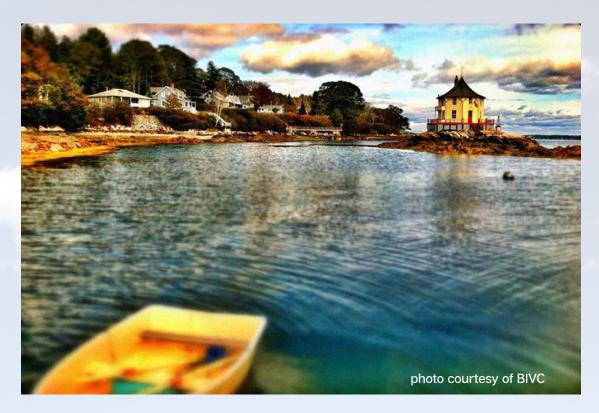

The past season was, again, on par with the heavier usage the park has seen over the past decade as well as the highest grossing season in park history. Winslow Park staff and the Winslow Park Commission would like to thank all of the users of the park for supporting and utilizing such an amazing asset. We hope that as many as possible continue to enjoy this beautiful property as we continue to do our best to maintain and improve.

Employees 4.5 FTE

Greetings from Bustins Island

The Bustins community continues to be grateful for the support from Freeport and its officials.

We've had a few changes in island officials this year. Ken Barrows completed his second term on the Board of Overseers. A first-time Overseer was elected to a three-year term: Amanda Meyer. Tanya Sweatt was elected Chair of the Board of Overseers and Rob Boone, after a long successful run as Chair, is now Vice-Chair.

We held our Annual Meeting on August 4th which was short and sweet. Further road acceptance was made in the recording of island roads projects and winter road closures were accepted for another 10 years.

As we returned to the island this year we found extensive tree damage due to high winds and heavy winter storms. Our community of volunteers worked hard to get us cleaned up and ready for the season.

We would like to thank the Freeport Fire Department for continuing to support our Island Safety Day, helping to keep us informed and up to date for fire prevention and preparedness, as well as Freeport Police and the Harbor Patrol for their presence and support.

A special thank you to Peter Joseph, Town Manager, Adam Bliss, Town Engineer, the Town Council and the other Freeport officials who supported our successful application

for a grant towards replacing our boat ramp.

Best regards from Bustins.

NUMBERS

Cost to the median taxpayer \$18

House of Representatives

Sara Gideon
Speaker of the House

Speaker's Office Augusta, ME 04333-0002 (207) 287-1300 Dear Neighbors,

Thank you for the opportunity to represent you in the House of Representatives during the 128th Maine Legislature. It is an honor to serve as your state representative and as the Speaker of the Maine House. It is both the most challenging and the most rewarding work of my career.

While I'm happy to share that we made smart, targeted investments to grow our economy and increase prosperity for every Mainer, there is still more work to do. At the time of this letter, the Legislature is still convened for a Special Session and I remain committed to addressing legislation concerning tax conformity, clean elections and our child welfare system.

We started the 128th Maine Legislature by promising Mainers we would stand up for better education funding, expanded access to affordable healthcare, and new tools to combat the opiate crisis. We also promised to push for new investments to strengthen our economy and promote growth for our small businesses.

I'm pleased that we have made progress in all of those areas. But maybe most importantly, I'm proud that we came together to invest in creating sustainable pathways out of poverty and into prosperity for more Maine families, while also addressing our state's workforce development challenges.

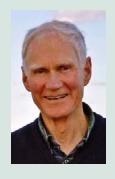

This year, we were able to pass bipartisan legislation that will strengthen the financial stability of low-income families through increased access to higher education and training. I was proud to be the lead sponsor of this bill. This new law establishes the Higher Opportunity Pathways to Employment (HOPE) program, modeled after the current Parents as Scholars program. As a result, more Mainers will have a chance to participate in job training programs that are specifically designed to ensure placement in a secure profession with economic stability. There is no more important work we could do than making a meaningful and life-long difference in the lives of kids, their families and our future. I pledge to continue this work now and in my future service.

As we look ahead, we have a great deal of work to do to ensure Maine has a bright and prosperous future. We must do all we can to create opportunity for Maine workers and entrepreneurs, prepare our young people for success and protect the natural assets that make our state both competitive and so special. Accomplishing all of this will take our cooperation and dedication.

As always, I remain committed to working with my colleagues to improve the lives of all Maine people. Please do not hesitate to contact me with any questions or concerns or if you need assistance with any aspect of state government. You can also learn more on my website speakergideon.com, sign up to receive periodic email updates from the State House or contact me directly by emailing sara.gideon@legislature.maine.gov.

With kipp regards,

Senate of Maine

Brownie Carson State Senator

128th Legislature Senate District 24 Augusta, ME 04333-0002 (207) 287-1515 Dear Residents of Freeport,

I hope 2018 finds you and your families doing well. It is an honor to represent you and your community in the State Senate.

This past year, the Legislature made progress in providing direct property tax relief to Maine homeowners. I was outspoken in our effort to increase the Homestead Property Exemption from \$15,000 to \$20,000.

In addition to direct property tax relief, we also protected state funding for local services such as fire departments and road maintenance, and increased public K-12 education funding by \$162 million over the biennium. These efforts will decrease the pressure on municipalities to increase mil rates. I know this is a top priority for many residents, and I will continue to work toward greater relief.

I sponsored and invested considerable time and effort on a bill, LD 1108, to restore our public health nursing program, which had been decimated by cuts over the past eight

years. Public health nurses provide community health services, support Maine's frail and elderly population, and are the first line of defense against infectious disease outbreaks. They also do crucial work with new parents and help drug-affected babies recover and grow into healthy children.

The bill, which requires that staff of Maine's public health nursing service be rebuilt, passed over the governor's veto with strong, bipartisan support from legislators in every corner of Maine. I am continuing my efforts to ensure this law is implemented by the current administration.

I am always available to listen to your thoughts or concerns as the Legislature does its work. As part of my effort to bring matters happening in Augusta back home to our district, I am pleased to offer an email newsletter to share information about ongoing legislative issues and useful resources.

If you would like to be added to the email list or need assistance with anything else, please do not hesitate to contact me. You can reach me via email at Brownie.Carson@legislature.maine.gov or at 287-1515.

Best Regards,

Branic Caren

TOWN OF FREEPORT, MAINE Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the year ended June 30, 2018

For the year ended Julie 30, 2016	
Net change in fund balances - total governmental funds (from Statement 4)	\$ 165,030
Amounts reported for governmental activities in the statement of activities (Statement 2) are different because:	
activities (Statement 2) are unrerent because.	
Governmental funds report capital outlays as expenditures.	
However, in the statement of activities, the cost of those assets	
is allocated over their estimated useful lives as depreciation expense.	
This is the amount by which capital outlays exceeded depreciation.	165,886
Revenues in the statement of activities that do not provide	
current financial resources are not reported as revenues in	
the funds.	(158,359)
Some expenses reported in the statement of activities do not require	
the use of current financial resources and, therefore, are not reported	
as expenditures in governmental funds.	37,712
Bond proceeds provide current financial resources to	
governmental funds, but issuing debt increases long-term	
liabilities in the statement of net position. Repayment of bond	
principal is an expenditure in the governmental funds, but the	
repayment reduces long-term liabilities in the statement of net	
position. This is the amount of repayments.	560,000
The Town has bonds that were originally issued for School purposes.	
These amounts will be funded by Regional School Unit #5 when the	
debt service payments are due. The Town has recorded a long-term	
receivable for the amount that will be paid by the School Unit for these	
bonds. The amount of the receivable at year end was \$1,575,795 with	
principal amounts paid off during the year totaling \$431,932.	(431,932)

See accompanying notes to financial statements.

338,337

Change in net position of governmental activities (see Statement 2)
