

## Shellfish Conservation Survey

Total surveys passed in 16, the number in parentheses is the number of individuals that answered within that range. 1-4 most beneficial 5-8 least beneficial

### Activity:

Water sampling 1-4(13) 5-8(3)

Dog waste removal 1-4(8) 5-8(8)

Shoreline Cleanup 1-4(10) 5-8(6)

Shellfish stock surveys 1-4(7) 5-8(9)

Measuring recruitment 1-4(6) 5-8(10)

Brushing 1-4(6) 5-8(10)

Educational activities with RSU5 1-4(5) 5-8(11)

Green crab trapping 1-4(13) 5-8(3)

Of the above activities which ones directly enhance shellfish populations. 1-4(mostly enhances)  
5-8(least enhances)

Water sampling 1-4(12) 5-8(4)

Dog waste removal 1-4(7) 5-8(9)

Shoreline cleanup 1-4(7) 5-8(9)

Shell stock surveys 1-4(6) 5-8(10)

Measuring recruitment 1-4(3) 5-8(16)

Brushing 1-4(5) 5-8(11)

Educational activities with RSU5 1-4(4) 5-8(12)

Green crab trapping 1-4(13) 5-8(6)

Volunteer based programs (4)

Keep current process the same (3)

Do away with conservation (9)
