**** CAUTION EXTERNAL EMAIL ****

Hello Caroline

The process of selecting engineering and architecture is taking longer than expected.

The concept plan for 15 depot st has not changed. May I please request that the approval previously given to our concept plan at 15 depot st be extended? That would give us a buffer timing wise

I anticipate that we will be applying for the next phase within 30 to 60 days.

Best Regards

Hi Dom –

Sorry for the delay in getting back to you. Can we set up time for a call on Tuesday to connect? The Council is considering some Ordinance changes Tuesday, so I am not sure is that might change how you want to move forward.
