

To all of you and the citizens of Freeport,

It is with deepest regret that I tender my resignation From Town Council. It not my style to share my private life with doing my work as a Councilor. But I'm going through a divorce, which has caused me to have to move from the house that I built. And since there is no available home in District 3, I have chosen to relocate to Clayton Ny, on the St. Lawrence River where I can fish every day, and hunt when I don't. I have been "passing through" Clayton since 1956. So this is not new territory.

I wish you all well and know that you will continue to work for what's best for the Town of Freeport. And at my new home, you are welcome any time.

Now I motion to adjourn,

Doug Reighley
