

Hello Christine,

It has come to my attention that the proper method I must follow for leaving a town committee appointment is to begin with an email to you. I am copying Arlene Arris and our library advisory board chairperson Joe Vertenten.

I am finding it prudent that I resign my seat on the Freeport Community Library advisory board effective at this time. It is my hope that when new appointments are made soon, my vacancy will be filled by a community member who will dedicate themselves to the health and improvement of our beloved library, and will be available to fully contribute to meetings and subcommittee work in ways that I have become unable.

My very best,
Karin VanNostrand
