RESIGNATION

Hi Christine,

I am not going to continue on the Active Living Committee - after several years with the Task Force followed by the Committee, I think it's time for new blood, a new voice, from my district. Please consider this to be my letter of resignation, and so I will not show up to be reappointed. Thanks - it's been good working with this group, and I know they'll continue to do good things in the future!
