Re: Short-term Rental Registration

We have completed the second year of Short-Term Rental (STR) Registration which began July 1, 2021 and renews by March 1st each year. There were sixty-four STRs that registered for the 2023-2024 period. Four STR registrations were not renewed for 2023. There are four additional new STRs registered for 2023 to date. Renewal notices were sent via email only this year. There were 2023 five renewals which paid the \$200 late fee. No official complaints were reported to the Code Enforcement Office.
