I am writing to give you notice that I wish to resign as a member of the Freeport Sustainability Advisory Board of which I have been a member for about four years. It has been a privilege to serve on the committee with awesome members, all of whom share a deep commitment to climate and natural resources issues. They have been creative and dedicated to helping Freeport take important steps to reduce its carbon footprint, be more responsible in composting and recycling and numerous other initiatives to be more sustainably responsible.

I hope that, with my leaving the board, the position will be filled by someone who has a greater amount of energy than I am able to put into it. I will remain a supporter of the FSAB and their efforts.

With gratitude for having been able to serve.

Susan (Sukie) Rice
