**Re:** Short-term Rental Registration

---

We have completed the third year of Short-Term Rental (STR) Registration which renew by March 1st each year. We currently have 81 active new/renewed registrations for the 2024-2025 period. Six owners notified us they will no longer maintain Short term rentals. Additionally, 18 new STRs registered since March 1st, 2023. The Town Clerk created the ability for renewals to be processed online through the Town of Freeport website. Renewal notices were sent via email this year and remaining owners were notified by phone the last week of February. There were no renewals which paid the \$200 late fee to date. No official complaints were reported to the Code Enforcement Office.
