

Please join us to learn more about
EFFICIENCY MAINE programs to **IMPROVE ENERGY EFFICIENCY**
and **REDUCE GREENHOUSE GASES**

- *Consumer information, discounts, and rebates*
- *Loans and investments for high-efficiency, clean energy equipment*
- *Strategies to manage energy demand*

Hope Kohtala (a member of the residential team)

will speak about the opportunities available for Maine residents

Thursday, January 12th, 6:30 pm

Freeport Community Center

Refreshments will be served

Plus council member John Egan will provide an update on the local rebate program recently approved by the Freeport Town Council (\$40,000 fund) for residents investing in energy efficient systems

Hope is a program assistant currently working on projects related to electric vehicles (EV) and low-income initiatives at Efficiency Maine. She attended UMaine Orono for her bachelor's degree and recently completed her master's degree in Environmental Management at Bangor University in Northern Wales. She is pleased to present at the Freeport Community Center and to share her knowledge about Efficiency Maine's programs.
