

Community Voices for a Resilient Future

Freeport is developing a Climate Action Plan that aims to reduce our contribution of polluting emissions while supporting a safe, healthy, and thriving community and environment. Learn more on our website!

We want to hear YOUR voice! We are gathering the stories and perspectives of Freeport community members about their hopes for the future and how they're already taking action to make Freeport resilient and sustainable.

YOU CAN PRINT, FILL OUT, AND RETURN THIS FORM TO MEDDY SMITH AT TOWN HALL

- 1. What are some of the ways you are already taking action at home, work, or school for a sustainable and resilient future?**

Do you shop local, help neighbors during emergencies, or plant native flowers? What about walking for errands, installing solar, or driving electric? Actions big and small make a difference!

- 2. What are your hopes for the Freeport community in the coming decades?**

3. Any other stories or perspectives you would like to share?

If you have a photo that speaks to the story you submitted, please share it with us! Photos will be considered for use in the final Climate Plan and in Town communications with appropriate credit.

We'd love to gather photos that show:

- *people taking action*
- *your favorite places in Freeport*
- *what makes you proud to be part of this community*

Email photo submissions to msmith@freeportmaine.com

Will you allow us to use your response, with appropriate credit, in Town communications and the final Climate Plan?

If you want more information on how your quotes or photos could be used, please reach out to msmith@freeportmaine.com

_____ Yes

_____ No

Your name: _____

To give you credit if the Town quotes your response, only if you selected 'yes' on the question above.
